It will be a requirement in the contract that the manufacturer shall be Original Equipment Manufacturer (OEM) certified or certified by U.S. Air Force to manufacture the fittings in question to F-16 aircraft. Therefore a list of spareparts delivered to OEM or U.S. Air Force must be provided. If the tenderer is not manufacturing the fittings them self, it must be stated what manufacturer is used and a list of spareparts delivered to OEM or U.S. Air Force must be provided for that manufacturer.
