Tender for Windlass

Question submitted	Answer	Date of answering
<i>Question no. 1:</i> Is it possible to see a sketch of the previous windlass to make sure that the offered windlass is compatible with the existing bolted connection?	<i>Answer no. 1:</i> DALO intends to clear the former foundation of the windlass and build a new foundation compatible with the dimensions of the new windlass. In this way, it will not be complicated to mount the new windlass on the foundation.	8 November 2019
<i>Question no. 2:</i> Is it possible to see a sketch of the previous windlass?	<i>Answer no. 2:</i> DALO refers to the answer above and the requirement specification.	11 November 2019
